# TALOS PERFORMANCE

The vision of Talos Performance is one in which there is no difference between parts used by the general public and those for racing.

Owing to this vision, Talos Performance has come a long way in a short time. Beginning with the production of industrial components, Talos Performance is on its way to becoming a global brand, specializing in the technical design of top-quality brake systems and aftermarket components.

Brake Caliper ----- 01 - 04

Brake Master Cylinder ----- 05 - 06
